Description

Gerrard's Blueprint provides an in-depth analysis of Rangers' tactical evolution over three years under Steven Gerrard, culminating in a league title win that saw them crowned kings of Scotland for the 55th time. In May 2018, Rangers appointed Liverpool legend Gerrard as the 16th permanent manager in the club's long history. A megastar player but untested as a coach, many wondered how Gerrard would fare at a club like Rangers, especially in light of the team's struggles in the past six seasons. Fast forward to 7 March 2021 and Gerrard's Rangers clinched the club's 55th title in record time, staying unbeaten in all 32 league games to that point. This book delves into the tactical approach used by Gerrard and his coaching team and shines a light on the key principles of their footballing philosophy. Adam Thornton picks out key games and players that have shaped the tactical evolution of the side and helped them become title winners.
