Description

Brazilian journalist and football writer Rodrigo Barneschi takes you on a whirlwind 'away-day' footballing tour across 46 stadiums in 29 cities around South America. *Outsiders* provides a critical portrait of contemporary South American football, revealing how the experience of being a fan has changed over the last three decades. Barneschi presents a unique perspective on what it means to be a supporter in a continent that is crazy about football. The book charts his richly varied exploits as a visiting supporter, from long journeys on dozens of buses, to airport adventures, to confrontations with police or between rival crowds: experiences that have been, as Barneschi puts it, 'the best, worst and most intense moments of my life'. Originally published in Brazil to huge acclaim, the book was warmly received in South America both by the public and media. Reviews in major news outlets have placed it in the middle ground between Nick Hornby's *Fever Pitch* and Bill Buford's *Among the Thugs*.
